

## GOOD GAMES AT 'Y' GYM TONIGHT

### Pair of Snappy Contests Are Booked in City League.

Every fan who is interested in real basketball should direct his footsteps toward the Y gym on Saturday night. Two real basketball games are on the schedule and each one promises to be the real thing.

The Cactus club and high school will meet at 8 and the Bank and Shelton Payne at 9. The Cactus five are beginning to feel after their recent disastrous defeat that practice is necessary and have been getting in some hard periods. The high school management will have a whole string of dark horses to try out on the Rowman outfit and some new stars may shine out from the bunch.

### NEW JERSEY LATEST STATE ASKED TO PERMIT BOXING

Boxing bills previous to occupy the attention of more state legislatures this month than even liquor measures. New Jersey is the latest to have a measure introduced in the legislature asking for the legalization of boxing. The bill provides for a state athletic commission of three, to be limited to six rounds.

### BOWLING.

Cactus club tonight scores in the Smith League Thursday night were as follows:

Team	1	2	3	4	5	6	7	8	9	10	Total
Cactus	144	154	103	111							512
Bank	122	145	101	117							485
Shelton	122	145	101	117							485
Payne	122	145	101	117							485
Total	512	544	405	455							1916

Points won—Cactus, 2; Bank, 1; High school, 1; Shelton, 1; Payne, 1.

Strike out—George Rogers.

Points won—Cactus, 2; Bank, 1; High school, 1; Shelton, 1; Payne, 1.

Strike out—George Rogers.

Points won—Cactus, 2; Bank, 1; High school, 1; Shelton, 1; Payne, 1.

Strike out—George Rogers.

## HIGH SCHOOL WINS CONTEST

### New Mexico Military Institute Defeated in Good Game By 39 to 23.

The high school basketball team defeated the New Mexico Military academy last night 39 to 23 at the high school.

Lapowski starred with 17 points, with Richards a close second with 14. Lee played well for the academy boys, scoring 15 points.

It was one of the best played games staged in the high school gym this season. A big crowd witnessed the contest. Lineup:

High School: Lapowski, Richards, Lee, Staut, Jackson, Kinsman, Mudd, R.G. Collins-Jones, Fox.

Referee—Mr. Golden, high school. Twenty-minute halves.

### ENGLISH JOCKEY SECURES PROMOTION AS CORPORAL

George McCall, a famous English jockey, who is a driver in the Royal Engineers at Aldershot, has been promoted to the rank of lance corporal.

George Hackenschmidt, the noted professional wrestler, is reported to be in a German prison camp and that he is in such shape that he will hardly wrestle again for a long time.

THIS IS TOUGH. Isn't this tough? New York is to lose another championship match. Wilhelm Berne, champion wrestler of Germany, is going to the mat with Prof. Tokucaro, Ho, champion, the first wrestler of the world, in Los Angeles.

HOW STRANGE! Ted Meredith, recently defeated by Binga Diamond, the colored streak, explains his defeat by saying that when he turned his head and saw Diamond at his heels he thought he was looking at his shadow.

WHY ALL THIS? The eccentricities of California municipalities is again displayed. After killing boxing and permitting wrestling, they have now decided to take a census of chickens within the city limits of Pasadena.

SOME QUEEN, THIS. Alleen Allen, one of the prettiest all-around and all-over swimmers in this country, and holder of the A. A. U. championships for women, has left Princeton for Honolulu to defend titles. She is also a movie beauty.

WHERE ARE THEY? Where are the baseball scouts? Herman Schatzlein, Los Angeles southpaw and pitcher for Portland club this year, pitched five no-hit games last year. Average was .800 and won 15 consecutive contests.

WHO SAID THAT? There is no reason why professional athletes should not be awarded letters like their amateur brethren. For instance, what could be more appropriate for wrestlers than the double "X"?

HOW OLD IS ANN? Barney Oldfield is as reticent about his age as an actress. Says he recently celebrated his 34th birthday in Los Angeles by going two miles a minute. Is planning a tour of American tracks in an armored car.

GOOD FOR EVIL. Last year managers were afraid to sign Hal Chase because of his reputation as a trouble maker. This year Aversage gave him a salary increase.

CAN THIS BE TRUE? Eastern Intercollegiate Swimming association says they might change water polo to water soccer. We thought the use of hands was barred in the latter sport.

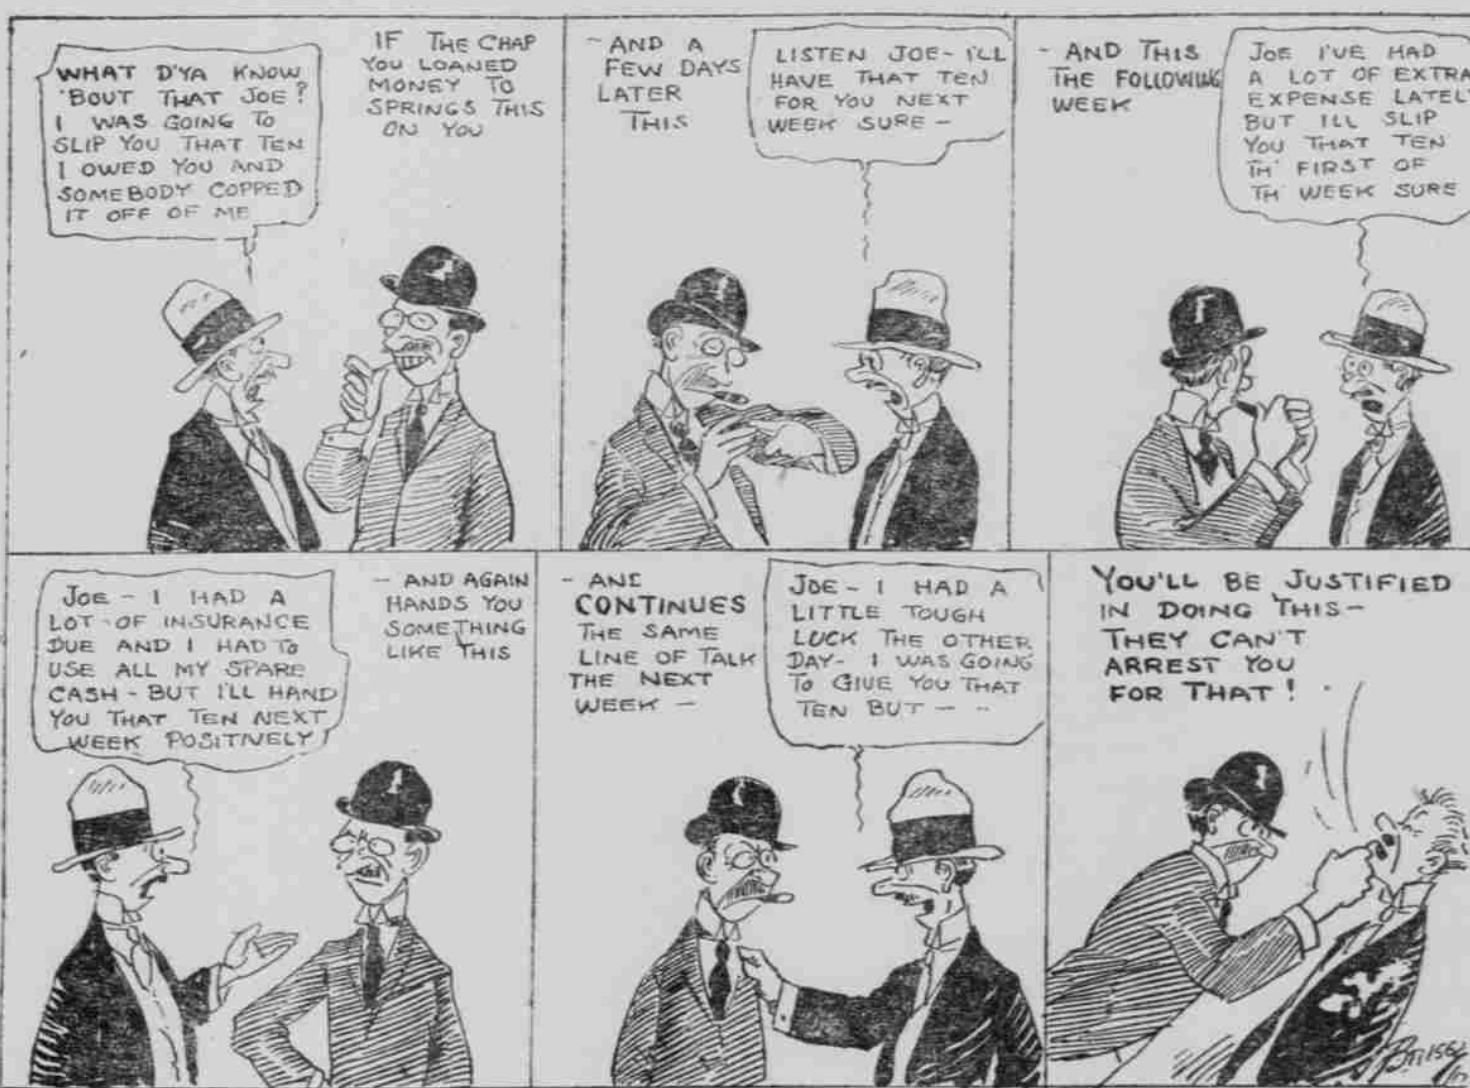

A GIRL MANAGER. San Francisco has been invaded by a girl fight manager. She is Elizabeth Tucker, and her two brothers, Lonnie and Frank, are out to clean up the amateur 125-pounders there.

COMY GETS HIM. Andrew Norman, right hand amateur boxer, has signed for a tryout with Comiskey's team.

Coal is now being transported in motor cars direct to El Paso from the mines.

## THEY CAN'T ARREST YOU FOR THAT

By BRIGGS

### HOROSCOPE.

Sunday, February 25, 1917.

WING to many opposite influences, this is an uncertain day and a time to be exceedingly careful. Early in the morning Uranus and Venus are in benefic aspect, while later Venus still rules kindly and Jupiter is friendly. But Uranus changes to evil place in the afternoon, and, with Neptune and Saturn, bodes ill to human destiny.

The rule is fairly good for preachers and singers. All who seek public favor are well directed.

The churches, however, are warned of many discussions and schisms in the coming year, which will bring trouble to those who are forerunners of a new spiritual awakening.

This is an auspicious day for lovers, young and old, but Uranus gives power to deceive.

There is a sign giving promise of great gain to all classes of occultists. The seers declare that the wall between the seen and the unseen will be broken.

Neptune gives warning to all who send forth merchandise in ships. Commerce with the Orient will suffer as well as trade dependent on the Atlantic.

According to astrology secret organizations and associations for the purpose of furthering patriotic aims will multiply before the end of the year. An American movement of some sort is presaged by the stars and this may lead to political shocks.

The stars appear to promise the making of treaties before summer, but these will not last if the stars are rightly interpreted and peace negotiations will drag through many weeks of anxiety in which sensational incidents will develop.

Southern cities as well as several of the middle west will be the scenes of labor disturbances and even riots.

Crimes of an unusual character are foreshadowed and among these there will be more than one assassination for extraordinary causes.

Persons whose birthdate it is should be exceedingly watchful of the health. Business and finance are under a lucky guidance, but danger is indicated in association with persons of opposite sex.

Children born on this day are likely to be richly endowed with talent and charm. These subjects of Pisces will have many friends and numerous love affairs. They usually succeed in whatever they undertake. (Copyright 1917, by the McClure Newspaper Syndicate.)

Monday, February 26, 1917.

THIS should be an unusually lucky day for the sun, Mercury and Mars are in benefic aspect. Neptune is uncertain in power.

Again advertising and publicity have the best possible direction and all the signs point to increase of the use of public prints for personal exploitation as well as for business success.

Fame for an editor who will undertake a national service is foretold. The signs are most encouraging for initiative of any sort and they who seek employment should find it.

Under this configuration it is believed that the society of influential men and women is likely to materialize into lasting benefits.

Political preferment should be sought while the stars are pointed as they are today.

Surgery, medicine and pharmacy have a guidance making for great gain.

Constructive and mechanical activities of all sorts should benefit today. Engineers, contractors, structural iron workers and builders come under a swiftness making for large achievement.

Coal is subject to a planetary government promising many enterprises in which Americans lead successfully. For Canada there is an indication of prosperity that will lure citizens of the United States.

Farmers are warned of heavy losses through violent storms that will come late in the spring.

Inventions of craft for operation on the water will offer new amusement for the wealthy.

The North American Indians will attract attention in the coming summer when incidents of astonishing character will bring them into public notice.

### ELMER OLIPHANT MODEST; SEEKS HIS FIFTH LETTER

Elmer O. Oliphant, West Point star football player and Uncle Sam's greatest athlete is now trying out for the Army hockey team in hopes of winning his fifth "A" at the military academy. He has set a new record at the Army school by winning four letters, a feat never before accomplished.

MELBOURNE FORBIDS USE OF TELEGRAPH TO LAYERS

Melbourne, Australia, has passed a regulation forbidding telegrams referring to betting on horse racing to be received for transmission if addressed care of a telegraph office. It is considered this restriction will relieve the congestion at telegraph offices on race days.

ONE GOLF BALL SELLS FOR \$500 IN ENGLAND

Golf balls going up! One old golf ball sold for \$500 in London the other day. Some ball! It was an old hand-hammered gutty ball from St. Andrews, a valued relic that will never more see a golf course.

LIST YOUR ROOMS FOR Cattlemen's Convention.

Proprietors of hotels and rooming houses, as well as private housekeepers who would like to furnish accommodations for the strangers who will come to the city to participate in the proceedings of the annual convention of the Panhandle & Southwestern Stockmen's association or to witness the Rio Grande Frontier Day sports during the week of March 5 to 11, are asked to list their rooms with the Chamber of Commerce at once. Call Telephone 430 and give the clerk answering the call the number of rooms you have, the number of beds in each room and the price per room per day. The rooms will be needed and the listing should be done at once in order that requests for rooms coming from all over the southwest may be granted.—Adv.

Sound Advice to the Sick

BY A WELL KNOWN SPECIALIST

A thorough investigation should be made by every ailing man as to the specialist he consults. Duty and destiny to self and those who depend upon you demand the best medical attention. The modern way has done away with the "hit and miss" methods and the demand of the times is for men in every calling whose training and experience have qualified them to do only a few things, but to do those things better and quicker than any one else. This is especially true in the field of medicine. Treating only a few diseases over and over again develops the "knack" of KNOWING HOW. This self evident fact is amply demonstrated by the large number of patients who tried to cure themselves, or who took chances on a "Jack of all diseases" instead of coming to me for proper attention in the first place.

A PHYSICIAN MUST SPECIALIZE

The study of Medicine is as broad as life and as complex as Nature. It is, therefore, impossible for any individual to master the treatment of all human ills. The true Specialist is a physician who is absolutely expert in the treatment of a few diseases, and one who has kept pace with time, by discarding the old, inferior methods for modern successful ones. I began my special work 18 years ago, and have treated thousands of patients in all walks of life, and I can sincerely say that in very few cases have I failed to bring about satisfactory results, and in recent years I have failed in no case. This is because I attempt to cure only a few ailments and those cases that I feel confident that I can cure.

I invite you to come to my office. I will explain to you my treatment for Varicocele, Hydrocele, Hernia, Nervous Debility, Blood Poison, Piles, Fistula, Bladder, Kidney and Prostatic Diseases, and give you FREE a physical examination; if necessary, a microscopic and chemical analysis of secretions, to determine pathological and bacteriological conditions. Every person should take advantage of this opportunity to learn their true condition. A permanent cure is what you want.

KIDNEY, BLADDER AND URINARY DISEASES SCIENTIFIC TREATMENT

If you have symptoms of disease of the kidneys, bladder or prostate, such as pain in the back, difficult or frequent urination, smarting, burning or straining, dull, aching or throbbing sensation of the bladder; headaches, dizziness, sleeplessness, tired feeling, cold hands and feet, puffiness of the eyes and face, swollen ankles, difficult breathing, palpitation of the heart, you should consult me without delay.

My years of study and extensive practice in the treatment of all forms of Kidney, Bladder and Urinary Troubles have furnished me to the extent that I have attained superior skill, which insures successful treatment in all cases not absolutely incurable.

Hydrocele, Varicocele, Rupture Treated By My Painless and Bloodless Method. No Detention From Business.

Disregard of Rupture has cost many lives. The smallest are the most dangerous to life because of increased liability to strangulation.

VARICOCELE is a knotty twisted wormlike condition of the veins with symptoms such as aching and pain, nervousness, debility, lack of energy and ambition.

HYDROCELE is a distressing condition requiring expert attention. Drawing off the fluid is only temporary and the use of painful drugs is vicious. If you are a sufferer from Hydrocele you will do well to investigate MY METHOD.

Blood Poison

After having tried out and investigated every known treatment for Blood Poison, I am in a position to say that the "BRITISH CURE" is the BEST TREATMENT for Blood Poison in all its forms. I have used "806" for Blood Poison and proved to my entire satisfaction that it would not cure—in fact it does severe damage in some cases. Therefore I reverted my efforts to the perfection of the already celebrated "BRITISH CURE" and after years of actual demonstration in some of the worst cases of Blood Poison, I make the statement that the "BRITISH CURE" as practiced by me in a specially fitted department is the "Specific" for Blood Poison.

\$100.00 REWARD

I offer a Reward of One Hundred Dollars (\$100.00) for any uncomplicated case of PILES I fail to cure without the KNIFE, LIGATURE, CAUTERY, or CARBOLIC ACID INJECTIONS. Hundreds of cases cured are sending their friends afflicted as they were. I will gladly furnish any sufferer with the names of as many as he cares to see or write to. Why hesitate or suffer longer. Why submit to an operation with its attendant dangers, hospital fees and detention from your work? I take all the risk and guarantee results.

CONSULTATION FREE

Office Hours: 9 a. m. to 7 p. m., Sundays 10 a. m. to 1 p. m.

DR. KETCHERSID

INTERNATIONAL SPECIALIST (Established 11 Years)

Rooms 1, 2, 3 Buckler Block.

205 Mesa Ave.

El Paso, Texas.

## PENNSYLVANIA IS MONEY MAKER

### Athletics Pay Expenses and a Little More at Red and Blue Institution.

State College, Pa., Feb. 24.—Athletics were profitable at Penn State last year. A financial statement, issued by R. H. Smith, graduate manager of athletics, shows a gain of \$3,929.45 for the year 1915-16. Football and baseball were money-making branches of major sports. The track account shows a deficit of less than \$200.

The total income from all sports was \$25,147.74, and the expenses were \$22,218.29. Of these amounts football brought in \$27,829.66 and entailed an expenditure of \$17,852.63. Baseball, netted a profit of more than \$1,000. The athletic association treasury has a surplus of \$10,000.

JIGGS DONAHUE TO DIRECT CLEMSON COLLEGE SPORTS

Lexington, Va., Feb. 22.—"Jiggs" Donahue, basketball and baseball coach at Washington and Lee this year, will go to Clemson college next fall to take charge of athletics.
